

## **MEAD CON** **Health and Safety Policy**

Mead Con is committed to preventing accidents and injuries through the implementation of safe work practices.

We believe accidents can be reduced through greater awareness, instruction and supervision.

The provision of a safe environment for our employees, clients and their families is a key undertaking of our company.

To accomplish optimum safety standards we:

- Commit to compliance with relevant OH & S legislative requirements;
- Nominate and train a Health and Safety Officer and the elected Committee to implement, monitor and maintain our policy;
- Train all employees thoroughly in safe work practices including company policy and procedures;
- Regularly assess the effectiveness of our accident prevention program against our designated measurable objectives;
- Create an awareness in each person of their responsibility to themselves, their work mates and the company and to continually contribute toward the prevention of accident and injury;
- Provide relevant personal protective equipment as required;
- Ensure all employees adopt responsible work practices and be vigilant in assessing, reporting and acting upon potential risks.

DATED: 01-10-2010

**MEAD CON Representative:**

A handwritten signature in black ink, appearing to read 'Tim Mead', written over a horizontal line.
